

BAG FILLING SYSTEM

- We offer you bag filling systems with a capacity to fill 100 to over 800 bags an hour.

- Optionally we can supply a system for printing labels on empty or full bags.

We work directly with acknowledged players in the cereal industry field for bag packaging.

We can advise you and support you in the choice of a contractor.

As such, we can work with you to develop specifications for submissions from contractors so that you can make a choice that best matches your needs.
